WEST LIBERTY, MORGAN COUNTY, KENTUCKY, THURSDAY, JUNE 22, 1933

WHOLE NUMBER 1186

TYRA ANNOUNCES FOR STATE SENATE

Mr. D. B. Tyra, of Stillwater, Wolfe county, is a candidate for the Democratic nomination for State Senator from the 34th district, according to his announcement made in the court house Monday. Mr. Tyra stands foursquare against the sales tax and for the laboring class. He is for good roads and everything for the interest of his district and for election of the County Superintendent by popular vote.

Mr. Tyra served two sessions in the State Legislature, and helped to revise the tax law. He knows the tax problems of the state. He was the author of the bill creating the Judicial District composed of Magoffin, Morgan, and Wolfe counties.

Mr. Tyra was very enthusiastic over the reception given him by the voters of Morgan county and from the expressions heard he will be a strong contender in this county.

He will appreciate your support. You will find his name on your regular ballot on primary day. The outlook over the whole district is continually changing in favor of the man who is so closely identified with the voters in the rural spaces.

NICE GOING

The West Liberty Baseball club defeated Beattyville here Sunday with a score of 7-3, to make it three games in a row.

The boys have lost only one game on the home grounds and all the games have been good tight ones, the kind that keeps you yelling. And did the crowd yell Sunday when Orrin Elam smashed a home run in the seventh inning, scoring Stacey and Hane? It was the first home run of the year at the home park. And just to prove it was not all luck, he drove a long triple out in the next inning, scoring on Lockwood Elam's single.

We certainly like the way this Wooten boy is playing the game. He is pitching fine and is hitting .500 average.

We like the way Wyatt keeps popping the boys, and, in fact, we like the way the game is going.

The next game is at Beattyville Saturday and we may arrange for an exhibition game here Sunday if we have a double header with Travelers Rest for July 2. So watch for the posters.

Let's go to Beattyville Saturday and give the boys a big hand.

W. D. SPARKS

Card of Thanks

We wish to thank our many kind friends for their kindness and sympathy during the illness, death and last rites of our dear beloved wife and sister, Sadie Cartmell Potts. We shall ever be grateful to each and every one for their kindness and consoling words when our hearts were saddest. When at the end of our long journey our burdens were made so much lighter by untiring efforts of loving friends who labored so faithfully in caring for every detail.

On some of the beautiful floral offerings the cards had gotten lost, and for that reason we will be unable to thank you personally. But we hope this card will reach those we are unable to reach otherwise, that you may know how deeply they were appreciated and we thank you from the depths of our hearts.

To mention personally the many kindnesses and sympathy shown us would fill the columns of this paper, so we are just going to say again we thank you, and may God bless and keep you all.

OPPOSES SALES TAX Ervine Turner Endorses Resolutions of Morgan County Merchants Association

To the Morgan County Merchants Association:
I have carefully read the resolutions adopted by your association, a copy of which is printed in the Licking Valley Courier in the issue of June 8.

I wish to inform the association that my views are strictly in accord with the views set out in the four resolutions, and if elected Senator of this district, I will welcome an opportunity to use my influence in carrying out the ideas incorporated in your resolutions.

Very truly yours,

ERVINE TURNER

Democratic candidate for State Senator, 34th District of Kentucky.

MONEY

Dr. Nicholas Murray Butler recently turned philosopher if not preacher in lecturing a class, and described our result of close association with money that is not always true, but is sometimes painfully illustrated. It should put each person on his guard who holds the bag. We quote: "Control of money and constant association with money is perhaps the most demoralizing of human occupations. Small wonder that in the ancient world it was thought to be a fit occupation for slaves! There is something about this contact and control which obscures moral principles and human values, and tends to develop a stiffly legalistic attitude toward every human relationship. This contact and control are uniformly accompanied by secretiveness, and secretiveness without any actual falsehood whatever is one of the most effective instruments of deceit."

County Merchants Meet

At a meeting of the Morgan County Merchants' association at the Cole Hotel Monday afternoon the board of directors were ordered by a vote of the association to arrange for a big meeting of business men and women of the county with public speaking by leaders of the Kentucky Merchants' association.

It is expected that the board of directors will have a meeting within a few days. Members of the board are W. L. Murray (president), J. L. Blair, Roscoe Brown, S. S. Franklin, T. H. Caskey, O. B. Arnett, Mrs. Anty McClain, Herbert Hammond, Earl V. Tredway, Jas. H. Harper and J. W. Fannin.

Homer Roberts Dies

Homer Roberts, a widely known newspaper man and political correspondent of Sacramento, California, died at his home in Sacramento shortly after returning from a hospital where he had undergone an operation for acute appendicitis.

Mr. Roberts was 34 years old and leaves a wife and infant daughter. Mrs. Roberts was formerly Inez Sebastian of Canaan City in Morgan county. They were married in 1920 and visited Kentucky together for the last time in 1928.

Wanted—Timber

Mr. W. E. Clark, President of Rutliff Brothers Company, will be in West Liberty on June 24th and 25th to make contracts for deliveries of timber at their mill at Park's Ferry, near Carlisle, Ky. He will be pleased to meet anyone that has some good poplar, pine, oak and hemlock timber for sale.

Address any inquiries to Rutliff Brothers Company, Carlisle, Ky.

BAPTIST CHURCH

Prayer meeting and song service Thursday night at 7:30.

Everybody is invited to attend these services, "Not forsaking the assembling of ourselves together."

Save the Machine

A scientist claims to have perfected a machine which can weigh the human soul. He better not try it on one of those Wall Street bankers or the pointer would go down so fast that it would last the machine.—Patlifader.

Circuit Court

Circuit Court convened Monday. Judge Wolford has indicated that court will continue not only all of this week but has set one case for trial on Monday of next week.

The Witness Racket

Many witnesses are summoned in circuit court trials that are unnecessary, can give no helpful evidence in the conclusion drawn in a recent report by Nat B. Sewell, State Inspector and Examiner, as he commented on what he termed "The witness racket."

The commonwealth's attorney has sole charge over summoning witnesses in circuit court criminal cases. There are instances in which this official neglects to properly prepare his case, does not examine prospective witnesses to find out what material evidence they can present. In such instances he orders that all witnesses suspected of knowing anything about the case at trial be summoned.

One frequently observes that many witnesses summoned for the commonwealth are not used after having been ordered to report at a trial. The logical assumption is that when questioned these unused witnesses were found to be unable to contribute to strengthening of the commonwealth's case. Had this been found out previously the state would have been spared the expense of paying these unused witnesses the claim which they have for their services. They are entitled to claim pay whether or not they testify.

If commonwealth attorneys would ascertain by questioning those thought to be able to give helpful testimony, find out whether they are essential before directing that they be summoned, the result would be to eliminate many unnecessary witnesses and cut this big item of expense.

In other counties it appears that commonwealth's attorneys deliberately summon witnesses that can give no testimony of value. This practice is followed in order to carry favor with those who are called as witnesses and permitted to claim their fee for attendance at court.

There are counties in which witnesses and jury claims compare ruinous high. Commonwealth's attorneys use the "witness racket" to build up their own political support. Judges in some instances have been revealed as using juries to strengthen themselves politically.

Heretofore it has cost close to three million dollars a year to conduct the

circuit courts of this state. That is an item of expense which the governor of the state is powerless to reduce by executive degree. It is a drain on income of the state that can be reduced only as public sentiment in the counties where such abuses occur expresses disapproval of such costly practices.

Witness and jury claims in this state have been materially reduced in the last year. One of the factors entering into that has been the exposure of abuses in various courts that have been made by the office of State Inspector and Examiner Nat B. Sewell.

Yet another effective influence that has been most helpful in cutting these costs is found in the fact that State Auditor Dan Tullhoff has directed his office to closely scrutinize every claim filed for witness and jury service. When claims for jurors are filed in which the number of jurors exceeds the limit specified in the statutes he declines to pay the claim. When witness claims are filed that appear questionable they are not paid until careful investigation has been made and questions asked that sometimes prove embarrassing. This is doing much to break up a bad and costly practice.

It is not possible to estimate the saving that has resulted as result of this increased effort to protect the state treasury from raids made in the name of court costs. But that results are being obtained is indicated by the fact that there was paid out by the State Auditor \$28,257.37 less for criminal prosecutions in 1932 than in 1931, and the total payment to trustees of the jury fund for jury claims was reduced \$61,469.48 in 1932 as compared with 1931.

Some idea of the expense of the circuit courts of the state is revealed by the fact that in 1932 there was paid out for jury claims \$534,445.69, which was cut down from \$555,945.17

The item of criminal prosecutions, the chief factor in which is witness claims, took from the state treasury in 1932 the sum of \$445,845.31, reducing this from \$474,062.68.

The cutting of these two items which in one year by \$59,762 is an achievement which suggests possibilities of deflating court costs.

SUBMITS FIGURES

West Liberty, Ky., May 9th, 1933.
Mr. F. S. Brown,
Editor of Licking Valley Courier
West Liberty, Kentucky
Dear Sir:

Some months ago you were inquiring of me as to certain facts of the suit now pending in the Federal Court against Morgan county in favor of Manufacturer's Trust Company and also my judgment of the indebtedness of Morgan county. At that time I could give you very little definite information. The Federal Judge, however, required to be prepared and filed with him, in this action, a statement of the indebtedness of Morgan county and a list of the unpaid claims against Morgan county. I was employed by the Fiscal Court to assist in the defense of this case and the preparation of the audit. I have been giving this most of my time for the last thirty days and have undertaken to check the unpaid claims against Morgan county from the year 1920 to the present, and in addition to this I have located, as best I could, the unpaid claims for the year 1919.

I find that the unpaid general unclassified claims now outstanding against the county, up to January 1st, 1933, amount to \$73,405.27. While this is given even down to the cent, I want to state that it is not, and could not be exactly accurate, but it is within \$200.00 of the amount.

In getting up the entire indebtedness and classifying it, there was as of January 1st, 1933, the following:

Bonded indebtedness	\$155,000.00
Manufacturer's Trust Company judgment approved	73,405.27
General Claims	73,405.27
Total	\$301,810.54

I might say that as of January 1st, 1933, there was due the county, for 1932 from the Sheriff, approximately \$7,000.00, which being deducted from the amount owing, would leave a net balance of approximately \$297,322.34.

In making this check I have, for the purpose of the Federal Court, prepared a statement of the revenue for each year and the claims allowed for each year, for the last three years, which is as follows:

Year	Revenue rec'd	Claims allowed
1931	\$26,763.84	\$33,295.05
1932	25,923.83	21,323.70
1933	26,000.00	21,948.19
	\$78,687.67	\$76,566.94

Yours truly,

W. M. GARDNER

Candidate Hurt

Edward Taulbee, of Canaan City, a candidate for Jailor, was seriously hurt at about 4 o'clock P. M. on Tuesday of this week. Mr. Taulbee was thrown from a horse as he was riding through Caney. The horse, scared by a passing train, reared and fell over backwards and on Mr. Taulbee. Not only did the horse fall on him but he trampled all over the unconscious form of Mr. Taulbee.

Mr. Taulbee has a badly lacerated arm and leg and it is feared may have sustained internal injuries.

His injuries were dressed by Dr. Whitteker and it is hoped Mr. Taulbee will soon be on the way to complete recovery.

Molding Brick

Will Gross, who formerly lived here but who had lived at Lexington for some time, has returned and lives near town.

Mr. Gross has six or eight men at work molding brick on the Baldwin lot. They expect to make about 100,000 brick and the Baldwin house will take about one fourth of them. So we may expect some other brick structures to go up in or near town as the result of their work.

Mrs. Claude Shouse, of Wheeling, W. Va., is visiting her parents, Mr. and Mrs. J. D. Lykins while Captain Shouse is attending the State University working on his Master's Degree.

Mr. and Mrs. Drexel Smith, Bascom Elam and daughter, Miss Nancy Elam of Liberty Road, were in town Monday.

Mrs. D. O. Carpenter, of Woodsbend, visited her sister-in-law, Mrs. J. W. Fannin yesterday.

Mr. and Mrs. Auty McClain and Mr. and Mrs. Ben Allen drove to Salyersville Sunday.

Byron May, of Woodsbend, called on friends and relatives in town yesterday.

Dr. Watson of Caney, had business in town yesterday

WE CAN WIN

To the Voters of Morgan County and 37th Judicial District:

The primary is drawing near and you have a wonderful opportunity to nominate me for Circuit Judge of this District. Morgan county will cast 500 to 1000 more Democratic votes in this primary election than Elliott and Carter counties combined. Elliott county having two candidates their votes will be divided practically equally between their candidates. So if Morgan county Democrats will rally to my support, I feel confident of victory.

It is my understanding that Mr. Walter M. Gardner has withdrawn from the race leaving me the only Morgan county man in the field and in view of the fact that Morgan county has had only one or two county men to be elected Circuit Judge in the 112 years of her history, you should vote for me through county pride as it means something to our county and county seat to have a Circuit Judge residing in our county.

Therefore, I want to appeal to each and every one of you to support me in this race, and to ask my friends to look after my interests, as I feel very confident of victory in this race with your loyal support. I am,

Sincerely yours,

LYNN H. WELLS

HIGHLAND LASS

These Are Dinners Men Like

By JOSEPHINE GIBSON
Director, Heinz Food Institute

HAVE you ever noticed men selecting meals in a cafeteria or heard them ordering in a restaurant? If not, try it sometime. For the most part, they choose well-balanced meals and they invariably select substantial, time-worn menus that women often hesitate to serve because they are not new and different. Men prefer the old stand-bys well cooked and attractively, but not fussily served! They like meat and vegetables, but it is especially interesting to note men's preferences in salads and desserts. Given a free hand, nine out of ten men will choose either cold slaw or Waldorf salad (apple, nut and celery). Mayonnaise or French Dressing combined with crumbled Roquefort cheese, served on head lettuce, is another favorite with men. When it comes to dessert, pie is popular with American men and ice cream is a close second. When cakes are considered, good old time desserts such as Jelly Roll are popular. Menus suggested here are of the type that men enjoy:

Vegetable Soup (ready-to-serve)	Crackers
Escallopine of Veal*	Battered Spinach or Broccoli
Hot Rolls	Waldorf Salad
Ice Cream	Grape Jelly
	Macaroons
	Coffee
Swiss Steak*	Sweet Potato Balls
	Genuine Dill Pickles
	Cold Slaw
	Deep Dish Apple Pie
	Coffee
Hani Roll*	Chilled Tomato Juice
Baked Potatoes	Creamed Cabbage or Cauliflower
Head Lettuce with Roquefort Cheese Dressing	Old Fashioned Jelly Roll

(* Indicates recipes given below.

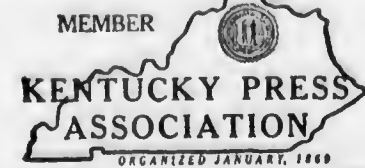

Escallopine of Veal — Cut 1 lb. veal cutlets (3/4 inch thick) into rounds, season with salt, pepper and scraped onion, and brown in skillet. Add one 21-oz. can Cooked Spaghetti in Tomato Sauce and 1/2 teaspoon Worcestershire Sauce and simmer until veal is very tender. Heap Spaghetti on a hot platter and place veal over the top.

Swiss Steak — Add salt and pepper to 1/2 cup flour and pound into 1 1/2 to 2 lbs. round steak (cut thick). Brown in a skillet with 2 tablespoons fat; then add a few slices of onion, 1/4 green pepper

chopped fine, 1 1/2 cups of boiling water and 1/2 cup Tomato Ketchup. Cover closely and simmer slowly until done. This may be cooked in a casserole in the oven or in a skillet on top of stove.

Hani Roll—Mix 1 lb. cured ham, raw, and 1/2 lb. fresh pork which have been ground together twice with 2 cups Rice Flakes, 1 teaspoon Worcestershire Sauce, 1 egg, and 1/2 cup milk. Put into a loaf, sprinkle with flour and bake in a moderate oven (375° F.) for about 1 1/2 hours, basting with a small amount of water during the baking.

COUNTY AGENTS COLUMN

Adapted Clovers

Adapted clovers sown in the spring of 1932 are doing well on the Experiment Station farm at Lexington, while clovers from seed produced in northern and western states and foreign countries are making poor showings and in many instances are complete failures.

Seed from clover grown in Kentucky for a sufficient time to be adapted is producing the best clover, and seed from Tennessee and other southeastern states is making a good growth. The Experiment Station has been making tests for several years in an effort to determine the causes of red clover failures. The use of unadapted seed now is believed to be one of the principal causes of failures.

To Study Egg Markets

First-hand information about the demands of the best egg markets will be presented at the ninth annual poultry short course, to be held at the Experiment Station at Lexington June 26-30. Berley Winton, of the Missouri College of Agriculture, has been making a survey of the New York City egg market, and will come directly from that city to Lexington to address poultry raisers, dealers and others attending the short course.

One day of the course will be devoted largely to the consideration of the production of high quality eggs for the best markets. Kentucky, with its ideal climate and other conditions, is said to possess great possibilities in poultry raising. One of the purposes of the course is to consider ways of developing this industry.

The short course will offer five days of intensive study and laboratory practice in poultry raising. Practically every problem of farm poultry production will be discussed. The course is open free to all.

Study Farm Bill

Agricultural producers and processors who are discussing the new Agricultural Adjustment Act with officials of the United States Department of Agriculture have centered their interest, thus far, largely upon the trade agreement provisions of the Act. Decisions on whether to apply measures for regulating crop production, and on what methods to use, are pending. In the meantime the trade agreement section of the act offers possibilities of solving some marketing problems for several commodities.

Milk producers and distributors from Chicago, Cincinnati, Washington, D. C., New England, and Georgia have been in informal conference with Secretary of Agriculture Henry A. Wallace, Federal Administrator Geo. N. Peck and his associate, Charles J. Brand, and others, and have drawn up agreements which have been submitted to the Secretary for consideration under the Act after formal hearings. Evaporated milk manufacturers of the United States are preparing to submit a tentative marketing agreement under the Act.

Wheat producers, grain dealers, and processors have held extended discussions with the secretary; Administrator Peck; Chester C. Davis, in charge of production adjustment. The discussions have centered largely upon possible trade agreements.

Cotton manufacturers have also been in conference at Washington and Cully A. Cobb, who is formulating a production program for cotton industry, has completed a trip through the South studying the cotton situation.

Ment processing and tobacco groups have also applied to the Department for information on trade agreements for their industries, and have made suggestions as to the possible form such agreements might take.

Activities of the Agricultural Adjustment Administration at present are directed largely toward obtaining a comprehensive and adequate picture of the different agricultural commodities and their situation.

Rev. and Mrs. I. J. Scudder left for Winchester Monday, where they will attend Pastors School two weeks. Rev. Scudder will fill his appointment at Cannel Ctr. Sunday.

A COMPANY THIRTY YEARS OLD

Last Friday the Ford Motor Company completed 30 years of automobile making.

It is also my fortieth year at the same job. I made my first engine in 1893, and it still runs. This is the engine that won the Selden Patent Suit—which took the motor car out of the exclusive class, and opened the automobile industry to hundreds of manufacturers who started during the last 30 years.

Some of the men who began with me that June day in 1903, are working here yet. All of the principles we laid down then, are still operative; we find that they have great survival value for the future. To date they have produced and sold over 21,000,000 Ford cars.

Although we created the automobile market we have never thought it was good for anyone to monopolize it. We have always believed that before business could be good for one, it must be good for all. Our discoveries and improvements have always been open to other manufacturers without patent restrictions.

Of course, there is one thing we cannot share—everyone must get it for himself—and that is experience. Money could duplicate our buildings and machines, but it cannot duplicate 40 years of experience. And it is experience that makes a motor car.

But the past does not especially concern me; it has all been a preparation for the future. For myself, I feel that I have just been gathering the tools to do something worth while, and that my real task is still ahead.

Great changes are upon the world. False ideas of every kind are vanishing in the general upheaval. Those who built truly on principle will survive—their service will carry over. Business integrity and commodity honor will be fully justified. And newer and better ways of living will appear.

That is the outlook for this young thirty-year old Company of ours.

Luncheon for June Bride-To-Be

By JOSEPHINE GIBSON
Director, Haina Food Institute

PARTIES for the June bride occupy an important place in the entertaining planned for this month. A wedding brings many pleasant festivities—luncheons, showers, bridge parties and all manner of social affairs. If you are to entertain for a bride-to-be, you may plan a luncheon with bridge. If so, the menu suggested below for a luncheon that may be served at a large table or at bridge tables, may help. The trend this year is toward simplicity and you will find this menu easy to prepare and serve, yet unusually attractive and delicious.

Tomato and Cucumber Cocktail*

Sandwich Spread Canapés*

Veal with Mushroom Sauce in Toasted Cases*
New Peas Sweet Cherkins Hot Rolls
Pear Macaroon Salad*
Frozen Peanut Cream with Chocolate Sauce

(* Indicates recipes given below.)

Tomato and Cucumber Cocktail—Combine 2 cups Tomato Juice, 1/3 cup grated cucumber juice, 1 teaspoon salt, 1 teaspoon sugar, 2 teaspoons lemon juice, 1/4 teaspoon Worcestershire Sauce, and 1/4 teaspoon Evaporated Horseradish soaked for 10 minutes in 1 teaspoon cold water. Stir well and chill thoroughly. Stir before serving. Pour into small serving glasses and serve as an appetizer accompanied by crisp crackers or small open sandwiches.

Sandwich Spread Canapés—Spread saltines, or small heart-shaped pieces of bread, with Sandwich Spread and decorate with very thin strips of pimento. If bread is used, toast on one side and spread the filling on untoasted side. Chill, and serve. These are attractive and easily made canapés.

Veal with Mushroom Sauce in Toasted Cases—Melt 2 tablespoons butter and brown 1 cup finely diced cooked veal in it slightly. Add 3 tablespoons flour and blend well.

Pour in 1 medium can Cream of Mushroom Soup and cook until thick. Add whites of 4 hard cooked eggs, sliced, and heat just long enough to heat eggs through. Salt and pepper to taste. Serve in toasted cases and sprinkle with the egg yolks which have been put through a sieve. Garnish with watercress. To make the toasted cases: Cut a slice from top of hard rolls, remove as much of the center as possible, and brush the cases inside and out with melted butter. Place in oven to become crisp and brown, and serve hot with the meat filling.

Pear Macaroon Salad—Mash 1 package cream cheese, and spread a thin layer on a half of canned pear. Cover with another half of pear and dip the whole pear, thus formed, in ground macaroon crumbs. (To prepare crumbs, roll dry macaroons finely with a rolling pin.) Serve the fruit in a deep cup of crisp lettuce, garnishing the top with a Maraschino cherry cut in half. Place a spoonful of Mayonnaise Salad Dressing at one side.
